HSL Research Guides: AMA (11/e) Style Guide: Formatting ...

AMA In-Text Citation As indicated by the AMA Manual, in-text citation in AMA style implies that the writer should plainly refer to each source they use,

keeping a numerical order and utilizing a superscript. Superscript means that characters (letters, symbols, figures) are written above the line in smaller font.

AMA Manual of Style

Now in its 10 th edition, AMA Citation was first introduced in the AMA Manual of Style: A Guide for Authors and Editors and is the cornerstone of writing style for the American Medical Association. Written originally by the editors of the Journal of the American Medical Association, and later published by Oxford University Press, the manual lays the foundation for writing and citation styles used by those in the medical and research communities.

AMA CITATION STYLE (10TH EDITION) When using the AMA citation style,

indication of and information about a cited work, piece of information or idea must appear in two places. You must insert a note within the text of your paper when you make use of a borrowed piece of information and/or idea. These notes (or in text citations) are to be numbered sequentially in the order that
