There are five levels of heading in APA Style. Level 1 is the highest or main level of heading, Level 2 is a subheading of Level 1, Level 3 is a subheading of Level 2, and so on through Levels 4 and 5. The number of headings to use in a paper depends on the length and complexity of the work. If only one level of heading is needed, use Level 1.

Moreover, the APA reference format has specific formatting guidelines regarding placement, italicization, use of boldface, and capitalization for each of five APA heading levels. In turn, scholars may include introduction headings as parts of headings in longer papers where sections span a few pages and contain subsections. Heading styles also help students create consistently formatted headings. However, in some cases, using heading styles (vs. manually formatting body text to look like a heading) is optional. The most common case in which it is optional to use heading styles to format text is when authors are submitting a manuscript for publication.
