Bronze Age Mindset

Bronze Age Mindset by Bronze Age Pervert (Self-published, June 2018) Two months ago, I bought Bronze Age Mindset, the debut book from dissident right figure and self-styled "aspiring nudist bodybuilder" Bronze Age Pervert , with the intent of reading it and reviewing it not long after.

Bronze Age Mindset is, I think, an attempt to maneuver around a core problem for new thought on the Right — that a great many

of the vocal people on the Right are clowns with stupid ideas ...

(Namely, that you are GAY). As a consequence people who dislike Bronze Age Mindset truly ARE bugmen - of course they wouldn't appreciate, for instance, the humour in BAP's existential catchphrase "Socrates was a N****R" which itself is a cryptic reference to Kantbot's esoteric epic Tren Warriors.

Review of Bronze Age Mindset by Bronze Age Pervert Posted on June 16, 2018 by Charles Sledge For a long time now there are things that I've been trying to put into words but haven't been fully able to communicate to you my reader.

BAP shows how the Bronze Age mind-set can set you free from this iron prison and help you embark on the path of power. He talks about life, biology, hormones. He gives many examples from history, both ancient and modern.

It is true that Bronze Age Mindset is exclusive in the most literal sense; its first ten pages I was wrong on both counts. At least the book is honest from the beginning – the introduction claims no in-

terest in converting people, and is clear that the book is written only for those who already agree with Bronze Age Pervert (BAP).

Second, it is a parody of Gorilla Mindset, another self-published book by an “alt-right” figure. Third, it brings to mind the third of Hesiod’s “five ages of man” (golden, silver, bronze, heroic, and iron) from the Works and Days, though Hesiod’s “Bronze Age” did not end well for its bronze men. Is BAP trying to tell us something?

Are the Kids Al(t)right? - Claremont Review of Books

Bronze Age Mindset is, I should add, extremely well written and executed. The Pervert has a definite style, and developing a style is the essence of good writing (it is also the essence of life).

Bronze-Age Mindset is, in my opinion, actually on par with the great German philosopher himself — in style, in insight, in style of insight, and in nature: both Mycenaean Greeks born out of time and place. BAP touches on all sorts of subjects relative to the modern age, but his central thesis can be summarized fairly simply.

Bronze Age Mindset is ever original, provocative, and stimulating, and will get your own creative juices going. TAKABAP is thoroughly disgusted with the lies and faggotry of the modern world. He sees broken, domesticated men, psychological castrati everywhere.

Review: Bronze-Age Mindset - Caffeine & Philosophy

Talking about the sexuality of the Bronze Age Pervert social media personality and Bronze Age Mindset book require talking about physical desire in a way that is both divorced from gay identity (Kirchick is the “gay” one here) and from sexual repression (BAP is clearly satisfied with building his public brand on far-right trolling mixed with endless pictures of hunky guys).
