Complications: A Surgeon's Note on an Imperfect Science is a novel about Dr. Atul Gawande's period as a surgical resident at Brigham and Women's Hospital in Boston, Massachusetts, specifically training to be a general surgeon. This novel includes a great deal of Dr. Gawande's brooding on many different aspects of medicine as it related to him and his residency experiences.

"Which was crazy," John said. Another surgeon joined to help and got a fist down on the aorta, above the puncture point. That stopped the worst of the bleeding and they began to get control of the situation. John's colleague said he hadn't seen an injury like it since Vietnam. The description was pretty close, it turned out.

Complications: A Surgeon's Notes on an Imperfect Science contains 14 essays preceded by an introduction. In the introduction, Gawande explains that while the fundamentals of medicine are based in science, the doctors that practice it are still only human with good days and days.
