## 628 - JAYLEN AUGUST

---

Anne von Seydlitz acaba de enviudar. Su marido, un anticuario de Munich, ha sufrido un accidente de tráfico y en los restos del automóvil aparece una película fotográfica que contiene imágenes de un antiguo pergamino copto en el que está escrito un nombre: Barabbas. Ayudada por un viejo amigo, Anne iniciará una investigación que puede cambiar el curso de la Historia...

Upon his coronation as Pope, Benedict XVI is given an ancient document. It is the first thing a pope reads when he is elected, and holds the Church's most cherished secret—one that it will do anything to protect. But there may be other versions. And it's up to the church's agent, Rafael, to uncover the truth.

In this “moody thriller,” a family business is targeted for takeover as control of Hong Kong shifts from the British to the Chinese (The New York Times). Ninety-nine years of colonial rule are end-

ing as the British prepare to hand over Hong Kong to China. Betty Mullard and her son, Bunt, have lived here for years, mostly keeping apart from their foreign surroundings, except for some indulgence in the local food, or in Bunt's case, the local girls. The handover is not a concern for them—until the mysterious Mr. Hung from the mainland offers them a large sum for their family business. They refuse. But they fail to realize that Mr. Hung is unlike the other Chinese people they've known: he will accept no refusals. When a young female employee whom Bunt has been dating vanishes, he is forced to make important decisions for the first time in his life—but his good intentions are pitted against the will of Mr. Hung, and the threat of the ultimate betrayal. “A compact, provocative gem of a novel” (The Boston Globe), from an award-winning author acclaimed for both his fiction and his travel memoirs—including Deep South, The Great Railway Bazaar, and

The Mosquito Coast—Kowloon Tong was praised by Bette Bao Lord in The Washington Post Book World as “a taut, illuminating story that transcends its timely subject.”

What lies beyond the era of fossil fuels? While most answers focus on different primary energy resources, *Energy Systems in the Era of Energy Vectors* provides a completely new approach. Instead of providing a traditional consumption analysis of classical primary energy resources such as oil, coal, nuclear power and gas, *Energy Systems in the Era of Energy Vectors* describes and assesses energy technologies, markets and future strategies, focusing on their capacity to produce, exchange, and use energy vectors. Special attention is given to the renewable energy resources available in different areas of the world and made exploitable by the integration of energy vectors in the global energy system. Clear definitions of energy vectors and energy systems are used as the basis for a complete explanation and assessment of up-to-date, available technologies for energy resources, transport and storage systems, conversion and use. The energy vectors scheme allows the potential realization of a worldwide sustainable energy system to fulfill global development expectations by minimizing both the impact on the environment, and the international political frictions for access to limited and concentrated resources. *Energy Systems in the Era of Energy Vectors* is an informative read for researchers and advanced students in industrial, energy and environmental engineering. It also contains valuable information for managers and technicians working in the energy sector.

The best manual of spiritual theology which has appeared to

date--the most ordered and complete--a true summa of spirituality. This is a work of extraordinary informative value and yet possessing a notable doctrinal solidity. This encomium of M. M. Philipon, laudatory as it is, does less than justice to this modern classic, now at last appearing in English in a smooth, readable translation and adaptation by Fr. Aumann. For in reality this is three books in one volume. First of all, this is a textbook, a manual whose lucid and orderly presentation of the basic principles of the spiritual life, of the supernatural organism, and of its progressive development recommends it unreservedly for seminarians and other serious students of spiritual theology. As Garrigou-Lagrangé points out, the author's order has permitted him to treat all the important questions relative to perfection and to show clearly the basic unity of the Christian life. Thorough and solid as it is, however--firmly based on the chief masters of the spiritual life, St. Thomas, St. John of the Cross, and St. Teresa of Avila--this truly theological synthesis is set forth in clear and accessible form, as its widespread popularity in Spain (four editions in six years) attests. But *The Theology of Christian Perfection* is perhaps even more valuable as a work of spiritual formation. It is an eminently practical manual of sound advice, counsel, and direction with respect to the increasingly fruitful use of the means, negative and positive, for advancing in perfection. As such, it will be immediately valuable for spiritual directors, an indispensable aid for self-formation, and a work of precious merit for all souls desirous of spiritual advancement.

En los años sesenta Arthur Kaminski, un ingeniero alemán, decide participar en un proyecto para salvar el santuario de Abu Simbel. Su viaje se convierte en un descenso a los infiernos al descubrir

un amuleto con una maldición que afecta a los miembros de la expedición arqueológica y que se perpetúa hasta nuestros días.

Howard Carter, un joven dibujante inglés, recibe una invitación para unirse a una expedición arqueológica en Egipto. Este primer contacto con la cultura de los faraones le despertará la pasión por descubrir e indagar en la antigüedad. Durante sus dos primeros años en el país de las pirámides Carter conocerá todos los peligros de su profesión: las plagas de saltamontes, la falta de escrúpulos del gobierno egipcio, el contrabando de antigüedades y el furor arqueológico que caracterizó la década de los veinte. Aunque su amor por Jane, su profesora del colegio, es muy intenso, Carter acepta el apoyo económico de Lord Carnarvon para llevar adelante la excavación en Luxor, trabajo que desarrollará durante más de diez años y que le llevará al descubrimiento de la tumba de Tutankhamón, el mayor hallazgo arqueológico del siglo XX. Desde su descubrimiento, en 1922 la momia de Tutankhamón nunca ha salido de Luxor. Todos los que participaron en el descubrimiento de la tumba murieron en circunstancias misteriosas. Todavía se desconocen las causas de la muerte de Tutankhamón, que reinó de los 8 a los 17 años. Gracias a nuevas tecnologías, en el 2005, sabremos los motivos de la defunción. Philipp Vandenberg, estudioso apasionado de la Antigüedad, ha logrado a base de talento literario que los tiempos remotos interesen al lector actual. Es uno de los novelistas en lengua alemana más leído por sus contemporáneos. Entre sus obras más famosas se encuentran El quinto evangelio, El Pompeyano (Península, 1998) y El rey de Luxor, que le han dado también prestigio internacional.

From the winner of the Nobel Prize for Literature and author of the Cairo Trilogy, comes Akhenaten, a fascinating work of fiction about the most infamous pharaoh of ancient Egypt. In this beguiling novel, originally published in Arabic in 1985, Mahfouz tells with extraordinary insight the story of the "heretic pharaoh," or "sun king,"--the first known monotheistic ruler--whose iconoclastic and controversial reign during the 18th Dynasty (1540-1307 B.C.) has uncanny resonance with modern sensibilities. Narrating the novel is a young man with a passion for the truth, who questions the pharaoh's contemporaries after his horrible death--including Akhenaten's closest friends, his most bitter enemies, and finally his enigmatic wife, Nefertiti--in an effort to discover what really happened in those strange, dark days at Akhenaten's court. As our narrator and each of the subjects he interviews contribute their version of Akhenaten, "the truth" becomes increasingly evanescent. Akhenaten encompasses all of the contradictions his subjects see in him: at once cruel and empathic, feminine and barbaric, mad and divinely inspired, his character, as Mahfouz imagines him, is eerily modern, and fascinatingly ethereal. An ambitious and exceptionally lucid and accessible book, Akhenaten is a work only Mahfouz could render so elegantly, so irresistibly.

The seventh novel in Simon Scarrow's bestselling Roman series. Trouble is brewing in Syria, on the eastern frontier of the Roman Empire. With the troops in a deplorable state, centurions Macro and Cato are despatched to restore the competence of the cohort. But another challenge faces them as Bannus, a local tribesman, is brewing up trouble and preaching violent opposition to Rome. As the local revolt grows in scale, Macro and Cato must stamp out corruption in the cohort and restore it to fighting fit-

ness to quash Bannus - before the eastern provinces are lost to the Empire forever...

In *The Twelfth Transforming*, bestselling author Pauline Gedge returns to ancient Egypt to reveal the mysterious reign of Akhenaten, the impetuous pharaoh who threatened to ruin his country. The dramatic story of Akhenaten's disastrous ruling is also the tale of Empress Tiye, a mother struggling to save her land from the catastrophe of her son's choices. Gedge's vivid descriptions of imperial court life among the lushness of the Nile and the desiccation of the desert lands will enthrall readers seeking an evocative tale of power, dynasty, family and curses, all set in the enchanting world of ancient Egypt.

Barcelona 1945: young Daniel Sempere is taken to a fabulous secret library called the Cemetery of Forgotten Books where he is told he must 'adopt' a single book, promising to care for it always. Entranced by his chosen book, *The Shadow of the Wind*, Daniel begins a quest to find the truth about the life and death of its mysterious author.

Al limpiar los frescos de la Capilla Sixtina, los restauradores descubren algunas partes señaladas con letras que no tienen ningún sentido. El cardenal Jellinek inicia una investigación que le llevará hasta el Libro de Jeremías, un documento olvidado que revela aspectos sobre la resurrección de Jesús que pueden hacer tambalear los cimientos del cristianismo.

Anno Domini 1412. Cuando a principios del siglo XV los grandes templos, iglesias y catedrales de Europa comienzan a derrumbarse, el pánico se apodera de la población. ¿Qué se esconde detrás de todo esto, la ira de Dios o del Diablo? En este ambiente

de caos y confusión, Afra, la hermosa hija de un bibliotecario y el excéntrico maestro de obras Ulrich von Ensingen descubren un pergamino secreto cuyo contenido podría desencadenar el fin de Occidente. Con la ayuda de un alquimista, Afra y Ulrich logran descifrar el pergamino y pronto se dan cuenta de que se hallan en posesión de un documento muy comprometedor para la Iglesia. Perseguidos por la implacable Logia de los Apóstatas, Afra y Ulrich deberán emprender una vertiginosa y precipitada huida para salvar sus vidas.

The international bestseller—published in more than forty languages! A twenty-first-century parable in the tradition of *The Alchemist*, *The Little Prince*, and *Jonathan Livingston Seagull*. *The Missing Rose* is the story of Diana, a willful young woman who, following the death of her mother, sets out on a quest to find the twin she never knew she had. Although she is both beautiful and wealthy, Diana is confused and angry with life. Her overwhelming desire for approval has caused her to let go of her dreams, and now she does not know who she really is. Diana's search for her twin, Mary, leads her to a magical garden in Istanbul, where she learns the philosophy of roses. Later at home, by the sea in Rio, she meets the enigmatic artist Matthias, who also challenges her understanding of the world. An enchanting and multilayered tale of chance encounters, magical gardens, vibrant cityscapes, and transformative learning, *The Missing Rose* is a profound modern-day fable about the wisdom of the heart.

*Dynamic Structure of Reality* makes available in English some of the most mature thought of the modern Spanish philosopher Xavier Zubiri. He first presented this material as a set of 1968 public lectures in Madrid. They were collected, edited, and published in

1989 as *Estructura dinámica de la realidad*. In 1962 Zubiri had published *Sobre la esencia* (On essence), a work of metaphysics that was praised by critics with one qualification: its treatment of reality was too static. The 1968 course was devised as a response to those critics. *Dynamic Structure of Reality* retraces the road Hegel traveled concerning the creation of a self and how that self is realized by an interplay between spirit and nature. Like his great predecessor José Ortega y Gasset, and like his great Jewish contemporary Emmanuel Levinas, Zubiri takes religion in all seriousness and locates its questions within the questions of modern philosophy. In harmony with science, he advances a new idea of becoming. Reality, not being, becomes. As reality's traits are revealed, in different degrees, reality resembles God, the universal self-giver. Zubiri systematically touches on many disciplines to show the varieties of self-giving--throughout the universe--of structural dynamism.

The oracles are one of the great mysteries of the ancient world. Doorways to the underworld, foretellers of the future, decision-makers for kings and paupers alike, their power and mysticism held sway over civilisations and continues to capture the imagination. Two thousand years after the oracles were consulted by the ancients, Philipp Vandenberg set out on a quest to learn the mysteries of the oracles and uncover one of the best-kept secrets in antiquity. His journey involved 3 years, 15 oracles and countless revelations. The quest and what it uncovered proves at times shocking and disturbing and ultimately reveals a wealth of hidden knowledge about the ancient world: who, or what, really influenced some of the most consequential decisions of the time

and fundamentally altered the course of history itself.

Gropius, cirujano de prestigio, realiza un trasplante de hígado a Schlesinger, un arqueólogo que muere de forma repentina porque el órgano trasplantado estaba envenenado con un insecticida. El arqueólogo había sido objetivo de un atentado con bomba en Israel con el que se pretendía acabar con él y con su descubrimiento: la lápida de Cristo en Jerusalén. Desde este momento Gropius quedará atrapado en una espiral de asesinatos perpetrados por un grupo de curas escindidos del Vaticano que pretenden destruir los cimientos de la fe. Al final, el lector descubre el contenido del Informe Gólgota y el poderoso secreto que esconde: los fragmentos de huesos descubiertos por Schlesinger y un pequeño fragmento del sudario original de Turín bastaban para demostrar sin asomo de duda que Jesús de Nazaret había sido una persona corriente.

A mediados del siglo XV, el fabricante de espejos Michel Melzer emprende un viaje en busca de su hija que huye de un matrimonio de conveniencia, y se ve envuelto en un laberinto de intrigas que pone en peligro su vida. El dux de Venecia le pone bajo la vigilancia de una espía, Simonetta, de quien Melzer se enamorará sinceramente.

A four-level course with international topics and cultural themes, providing extra motivation for students.

Robert Johnson is the subject of the most famous myth about the blues: he allegedly sold his soul at the crossroads in exchange for his incredible talent, and this deal led to his death at age 27. But the actual story of his life remains unknown save for a few inaccurate anecdotes. Up Jumped the Devil is the result of over 50 years

of research. Gayle Dean Wardlow has been interviewing people who knew Robert Johnson since the early 1960s, and he was the person who discovered Johnson's death certificate in 1967. Bruce Conforth began his study of Johnson's life and music in 1970 and made it his mission to fill in what was still unknown about him. In this definitive biography, the two authors relied on every interview, resource and document, most of it material no one has seen before. As a result, this book not only destroys every myth that ever surrounded Johnson, but also tells a human story of a real person. It is the first book about Johnson that documents his years in Memphis, details his trip to New York, uncovers where and when his wife Virginia died and the impact this had on him, fully portrays the other women Johnson was involved with, and tells exactly how and why he died and who gave him the poison that killed him. *Up Jumped the Devil* will astonish blues fans who thought they knew something about Johnson.

"The mystery of the pyramids is solved before our eyes" in this illustrated YA guide to their construction by the Caldecott Medal-winning author (Kirkus). In *Pyramid*, acclaimed author and illustrator David Macaulay explores the construction of ancient Egyptian pyramids from the initial planning stages to the methods used to lift stones up to the structure's highest level. Through concise text and richly detailed black and white illustrations your readers are introduced not only to ancient Egyptian engineering, tools, and labor practices, but also the philosophy of life, death, and afterlife that made these awe-inspiring monuments necessary as a pharaoh's final resting place. "Macaulay's brilliant *Pyramid* shows, detail by detail, how the great pharaohs' burial places were conceived and constructed... His draftsmanship is unex-

celled, and his book is pharaonic in opulence and design."—Time

A thrill-seeking Harvard linguistics professor and an ultrasecret branch of the Catholic Church go head-to-head in a race to uncover the secrets of the lost city of Atlantis. The ruins of the technologically-advanced, eerily-enigmatic ancient civilization promise their discoverer fame, fortune, and power... but hold earth-shattering secrets about the origin of man. While world-famous linguist and archaeologist, Thomas Lourds, is shooting a film that dramatizes his flamboyant life and scientific achievements, satellites spot impossibly ancient ruins along the Spanish coast. Lourds knows exactly what it means: the Lost Continent of Atlantis has been found. The race is on, and Lourds' challengers will do anything to get there first. Whoever controls the Lost Continent will control the world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Una apasionante desmitificación de dos figuras legendarias: Cayo Julio César y Cleopatra. El célebre historiador y narrador alemán Philipp Vandenberg pinta un colorido cuadro de las costumbres de la época, al tiempo que familiariza al lector con los avatares de dos ciudades fundamentales de la Antigüedad: Roma y Alejandría. Él era un romano de la baja aristocracia, un hombre de leyes mediocre que se convirtió en emperador y ensanchó más que ningún otro las fronteras del imperio. Ella era una oscura princesa de origen macedonio, menos bella de lo que afirma la leyenda, y la mujer capaz de conquistar al invencible César. Fue por decisión de éste que se la elevó al trono de Egipto, y fue él quien ordenó que se considerase divina su imagen, equiparándola con Venus. Ambos mantuvieron una intensa relación que cambiaría el curso

de la historia.

Después de múltiples aventuras, Leberecht Hamann llega hasta Roma con la intención de limpiar la memoria de su padre, y se convierte en una amenaza para la Iglesia, ya que tiene en su poder la obra proscrita de Copérnico. Sólo puede hacerle frente su antiguo rival, ahora convertido en jesuita.

Gramatica de meseta presents itself as the imperfect result of a whole: it confirms the importance of an account and the impossibility of a linear construction. From a de-centred viewpoint (which is a subterfuge used to cover up the impossibility of grasping the different registers involved) a universalising account is evoked: a story of stories or an interrupted flow. Different genres overlap.

On the one hand we encounter the futile intent to catalogue originals stored in archives, both those of large companies and those in the private collections of amateur photographers. On the other, we find the chance result of an itinerant, updated approximation to those same places through the medium of the camera. Meta-history, or the exhibition as antithesis.

An eccentric poet acts as spiritual detective in these eight stories by the Father Brown author, in which the philosophical policeman solves and prevents crimes perpetrated by madmen.

Photographs and text introduce different kinds of volcanoes, where they are located, how and why they erupt, and other interesting data about volcanoes.
