In this video, Mike covers a parasitic draw test for checking for, or measuring a draw on the battery of your Harley Davidson. Always be sure that you are using a quality, known good battery in your motorcycle. Sometimes an owner may be looking for a parasitic draw, but is really only dealing with a weak battery.

In this video, we learn how to draw a Harley-Davidson V-ROD. First, draw the outline of the vehicle using a light pencil. After this, start to add in the details of the wheel and front of the motorcycle. From here, add in shading and additional details to make it look more realistic. Make sure you draw on the small details of the motor-

cycle because this will make all the difference.
