Building with LEGO bricks can ignite your creativity and curiosity, change the way you solve problems, challenge your expectations, and help you focus and find your flow. With just a handful of bricks, you can build something - it can be anything! - and change the way you see the world. All you need to do is start, click, and repeat. Lifelong LEGO fan and Master Model Builder Aleksander Posta believes that flexing your building muscles every day

might be the key to changing the way you approach and overcome challenges. Filled with bite-sized lessons and quotes on creativity, perspective, and process, LEGO BUILD EVERY DAY inspires readers to build their way through problems - by using LEGO building as a creative philosophy for life. Each illustrated chapter explores a LEGO concept or technique and follows with a building prompt to put the idea into practice. What might you discover about yourself by simply sitting down and building something every day?

This book invites kids to expand their imaginations more than ever before, with eight unique themes ranging from popular vehicles and practical projects, to imaginative fairytale fun and a thrilling spy mission. This time around, Sarah includes chapters for mini projects and LEGO art, both of which have been popular categories on her blog but never explored in her previous books. Younger kids can follow along with the simple step-by-step instructions that have made Dees’s books the success they are today—they’ll delight in making tiny zoos with unique animals, a classic diner complete with a soda fountain and a school classroom they can customize to

look like their own. Older children will love building such action-packed pieces as a rescue mission helicopter, an air hockey table, and a surveillance car with rear-hinged getaway doors. For LEGO lovers of any age, there are instructions for making your own around-the-house gadgets, such as desk organizers, picture frames, and even lock-and-key safes. The Big Book of Amazing Lego Creations will be a top gift pick for every kid who craves variety in their LEGO crafting. If your kids would be excited to build epic kingdoms one day and sprawling super-spy headquarters the next, this is the book for you.
